

FOR SALE

YOU ARE LOOKING AT A **BRAND NEW** PAIR OF GERBING HYBRID HEATED INSOLES

SIZE: SMALL

We'll keep your feet toasty warm, on or off the bike. Because Gerbing's Hybrid Heated Insoles are designed to connect to your other Gerbing's Heated Gear, run them straight off your bike's battery, or you can power them off of rechargeable lithium battery packs (optional).

- » Utilizes Gerbing's Hybrid Heating System
- » Power directly from a 12v electrical system, or
- » Power them from optional 12v Lithium battery packs
- » Includes one free Y-harness & fused battery harness
- » Heats entire surface area
- » [Lifetime warranty](#) on the heating elements
- » Incorporates Gerbing's Microwire® heating technology that uses micro-sized heating fibers to surround the hand with warmth.

Specifications
